## Teaching Professionals at GOLFTEC Mississauga-Meadowvale & GOLFTEC Woodbridge

We have added some great coaches and are looking for a few more to join our growing team. We cannot keep up with the demand for fittings and lessons as advertising pushes a steady stream of players seeking our help. Do you want to coach players on all aspects of the game inside where you can use all the advantages of cutting edge technology and outdoors where the game is played? Our coaches have one focus, to make their players better. Share your passion with others who love this game.

### Job Description:

**Coaching, not teaching** - If you are serious about coaching, imagine using tools that allow you to be extremely productive with students, indoors and outdoors, in a longer-term relationship focused on lasting improvement. You owe it to yourself to look at a career with GOLFTEC.

**Responsibilities** - Deliver long-term game improvement programs including lessons, equipment assessments, and fittings. Stay in contact with students, follow up with potential new students, assist in daily operations, and take an active role in various internal and external events, clinics, and marketing opportunities. To be effective, the successful candidate will need to be comfortable growing relationships, working long term with students toward improvement.
