Re: PGA of Canada National Board – PGA of BC Representative

Dear Fellow Members:

It has been an honour to be your representative for the National Board of the PGA of Canada. I replaced Tom Monaghan's term and feel like in the short time that I have been on the board, it has made some positive moves. That said, we have a much to do. The wheels are starting to move in the right direction and we are fortunate to have a good leader in Kevin Thistle. If I am elected to run a full term, I will be on the Board's executive committee as their secretary. As a longtime member, I have always valued the membership for its brand recognition, educational offerings, golf competition and the opportunities for peer networking.

Although a General Manager for several years, I consider myself a PGA member first. Regardless of the facility I have been at, I have promoted the hiring of as many PGA members as the Club could facilitate (currently 8 PGA on staff). I am proud to encourage them to be in the PGA of BC Top 100. I have always viewed the PGA as the leading association of our industry.

PGA Members should learn the importance of all facets of being a golf professional. Over the years I have had the opportunity to Teach, Play and be an Administrator. As a golf instructor, I was proud to start three separate golf academies. Although not on the podium often, I have participated in countless professional events, and still enjoy competing. In order to the grow the administrative side of my career, I have actively participated in the education offered by PGA and other associations. In time, all professionals find their niche to be successful, but I appreciate the opportunities and diversity that the PGA associations offer us to grow professionally.

Great mentors are required for every career and I have had the opportunity to work for two lifetime achievement award recipients - Mike Parker & Dick Munn. Our provincial association has countless peers that have been great assets for my growth and development. PGA of BC members have a tight bond and feel like we look after each other.

My goal to be your representative is to ensure that there is value from our dues, continue to improve our communications, strong educational opportunities and run world class national championships. My previous experience on the CSCM National Board, NGCOA provincial advisory committee, various Professional Development Conferences and the PGA of BC Board give me a diverse background to be an asset for this Board.

Thank you again for considering me as your PGA of BC Representative for the next three years. Please feel free to reach out to me at any time at scott@victoriagolf.com or 250-598-4321 if you would like to discuss further about my background or views of the PGA of Canada.

Sincerely

Scott Kolb
